

HEADSET FINDER FOR AVAYA

Avaya delivers the best user experience for traditional telephony and Unified Communications. Whether your preferred communications device is your desk phone or PC – or both – you'll want to extend your Avaya solution with a Plantronics headset to ensure your voice is heard clearly and reliably in your business communications.

Plantronics delivers intuitive voice solutions that enable you to communicate naturally. Plantronics headsets are 100% compatible with Avaya Enterprise, Contact Center and Unified Communications solutions and the only headsets that deliver remote call control for Avaya one-X Communicator and Avaya one-X Agent.

Choose a headset compatible with your Avaya solution in 3 easy steps.

Click here: <http://www.plantronics.com/compatibility/avaya>

Step 1 How do you want to use your Plantronics product?

Step 2 Select phone make & model

In order to ensure that you choose a product that is compatible with your current phone, please answer the following questions.

Select phone make & model
Select the phone manufacturer

Select the phone model name or number
