Avaya IX Collaboration Unit
CU360

Affordable Enterprise Capability for Any Size Business

Whether in the office, on the go, or participating in group meetings, today’s business communicators need full access to their favorite cloud applications. The Avaya IX Collaboration Unit is designed for the cloud, and uses unique Avaya next generation technology to deliver all that the cloud has to offer to any business space. It is an ideal stand-alone solution to enable individual workgroups or small to midsize businesses, and it can also be used as an integrated video endpoint to expand your existing collaboration infrastructure.

It provides the ultimate in simplicity of setup and use, integrates with your existing UC platform, integrates with any existing standards-based video infrastructure, and allows you to access and use cloud-based applications. It is all you need to turn any space—including huddle spaces or huddle rooms—into a cloud-enabled collaboration room.

The Avaya IX Collaboration Unit can be set up in minutes, and its all-in-one design purpose-built for video collaboration delivers crystal clear audio and video every time—and does not depend on the quality or performance of a separate laptop or PC. This simplicity and performance will encourage employees to use video for their meetings instead of just audio, adding a personal connection to training, brainstorming, and other team meetings and customer interactions.

Delivers Affordable Enterprise Collaboration to Any Size Business

The Avaya IX Collaboration Unit represents a breakthrough in delivering capabilities typically included in more costly Enterprise room conferencing systems at a price that works great for huddle space transformation. The device contains state-of-the-art capabilities, including full HD 1080p video, a 4K camera sensor, and 4K display support.
It delivers dual HD live video and content, a very wide field of view and an integrated microphone array for crystal clear audio. It delivers the capabilities essential to businesses including meeting recording, directory service and address book, and security. It supports both Session Initiation Protocol (SIP) and H.323 for integration with your existing UC platform—and allows for redundant configuration. It also interoperates with existing standards-based video infrastructures.

**Smart Collaboration**

Share content and applications wirelessly, using your smart mobile device. H.239 and BFCP offers content interoperability with nearly any video room system. Avaya Equinox® delivers the ultimate collaboration experience with lightning fast screen response and lower bandwidth requirements.

**Next Generation Cloud Capabilities**

The Avaya IX Collaboration Unit can access and run cloud-based Android® applications and gives you your choice of cloud-based collaboration tools. It is also fully integrated with Avaya Equinox® Meetings Online to deliver a seamless and productive collaboration experience.

**Easy to Use & Setup**

With only two or three cables need to be connected—depending on whether you are using Ethernet or Wi-Fi—installation is a snap. This all-in-one device rests on top of any display, and the integrated video codec, microphones and Bluetooth connectivity means there are no cables on the table. Its remote control includes a full keyboard to further simplify setup and use.

- Delivers all the cloud has to offer to any business space
- All-in-one device delivers the ultimate in simplicity
- Integrates with existing UC platform
- Interoperable with existing video infrastructure
Avaya IX Collaboration Unit Specifications

Communications
- IP: H.323, SIP (RFC 3261)
- Bit rate: H.323, SIP: up to 4Mbps
- MCU compatibility: H.243, H.231
- XMPP Presence support

Video Features
- 2 simultaneous channels: camera + content

Video Protocols
- H.264, H.264 High Profile
- Dual: H.239 (H.323); BFCP (SIP)

Live Video Encoding
Format
- 1920 x 1080p @ 25, 30fps
- 1280 x 720p @ 25, 30fps
- 1024 x 576p @ 25, 30fps: w576p
- 848 x 480p @ 25, 30fps: w480p
- 768 x 448p @ 25, 30fps: w448p
- 704 x 576p @ 25, 30fps: 4CIF
- 704 x 480p @ 25, 30fps: 4SIF
- 624 x 352p @ 25, 30fps: w352p
- 576 x 336p @ 25, 30fps
- 512 x 288p @ 25, 30fps: wCIF
- 416 x 240p @ 25, 30fps: w240p
- 400 x 224p @ 25, 30fps
- 352 x 288p @ 25, 30fps: CIF
- 352 x 240p @ 25, 30fps: SIF

Camera
- Sensor: 4kp30
- Video resolution: 1080p30
- Horizontal Field of View: 102°
- Vertical Field of View: 68°
- Digital zoom: 3x

Video Input
- Live video from built-in camera up to 1920 x 1080p30fps
- Wireless presentation with ScreenLink up to 1920 x 1080p15fps

Video Output
- 1x HDMI @ 3840 x 2160 @ 25, 30fps
- 1920 x 1080 @ 25, 30fps
- 1280 x 720 @ 25, 30fps

USB Ports
- 1 x USB-C
- 1 x USB3

Audio Features
- Acoustic echo cancellation
- Audio error concealment
- Automatic Gain Control (AGC)
- Automatic noise suppression

Audio Protocols
- G.711
- G.719
- G.722, G.722.1, G.722.1 Annex C
- Opus

Microphone
- Microphone array

Audio Inputs
- Bluetooth

Audio Outputs
- 1 x HDMI
- Bluetooth

Content Sharing / Web Collaboration Features
- Wireless presentation up to 1080p15fps
- Present content using Android Apps and USB key

Content Sharing / Web Collaboration Protocols
- Dual video: H.239 (H.323); BFCP (SIP)
- Avaya Equinox native web collaboration

Network Features
- IPv4 and IPv6 simultaneous support
- Auto Gatekeeper discovery
- QoS support: IP Precedence, IP Type of Service (ToS), Differentiated Services (diffserv)
- Avaya NetSense bandwidth adaptation for high quality over unmanaged networks

IP Adaptive Packet Management
- Flow control
- Packet Loss based down-speeding
- Packet Loss recovery policies

It is instinctively easy to use, and delivers the future of business collaboration.
Network Protocols
- DHCP, DNS, HTTP, HTTPS, RTP/RTCP, SNTP, STUN, TCP/IP, Telnet, TFTP, 802.1q and 802.1p

Network Interfaces
- 10/100/1000 Base-T full-duplex (RJ-45)
- Wi-Fi (802.11a/b/g/n, 802.11ac, Hotspot)

Firewall Traversal
- Auto NAT discovery HTTP and STUN
- H.460.18, H.460.19
- “Keep Alive” packet time configurable

User Interface
- 24 language on-screen user interface
- Infrared remote control
- API for endpoint control
- Avaya Control application for Apple iPad and iPhone
- Microsoft Exchange calendar integration
- Android™ apps can be downloaded on the device and used alongside the Avaya IX Collaboration Unit video-communication application (Android is a trademark of Google LLC).

Directory Service & Address Book
- LDAP Client (H.350)
- Receive global address book from LDAP Server including Avaya Equinox

Security Features
- Embedded encryption
- H.323 security per H.235v3 / Annex D
- SIP security per SRTP and TLS 1.2, enciphering up to AES-256
- SIP “Digest” authentication (MD5)
- RTP media enciphering with AES-256
- Public-Key including
  - Diffie-Hellman (2048 bits), RSA (up to 4096 bits)
- Cryptographic hash (up to SHA-512)
- Web access via HTTPS
- Selective enable / disable of IP features
- White list support

Web Management
- Configuration, call, diagnostics and management functions are accessible with Internet Explorer 8.0+, Firefox 3.6+, Safari 5.0+, Chrome 11.0+, Opera 11+

Recording
- Recording on USB key / disk
- Feature supported in call and out of a call
- Supported disks with file system FAT32, EXT2, EXT3, EXT4.
- Recorded file resolution 720p25 (rescaled to 720p when exceeding such resolution)
- Control API commands available to transfer the recorded file to a remote FTP server
- Recording not supported when sharing data from the device using Screen Link

Power Supply
- 100-240VAC, 50-60Hz, 2.5A max.

Physical Characteristics
- 28.0cm (11.0”) L x 5.5cm (2.2”) W x 6.5cm (2.6”) H

About Avaya

Businesses are built on the experiences they provide and every day millions of those experiences are built by Avaya (NYSE:AVYA). For over one hundred years, we’ve enabled organizations around the globe to win—by creating intelligent communications experiences for customers and employees. Avaya builds open, converged and innovative solutions to enhance and simplify communications and collaboration—in the cloud, on premise, or a hybrid of both. To grow your business, we’re committed to innovation, partnership, and a relentless focus on what’s next. We’re the technology company you trust to help you deliver Experiences that Matter.
