

Avaya IX™ Workplace

Avaya IX™ Collaboration

**A Cloud-
Based, Team
Collaboration
Tool that Brings
all of your
Communication
into One Place**

Avaya IX™ Collaboration is a cloud-based team collaboration and meeting app that seamlessly integrates voice, video, tasks, sharing and more into one easy to use application that you can access from anywhere. Use it on your laptop at work, your tablet at home, or your phone on-the-go.

Designed for teams that need a simple and effective way to enable communications and manage tasks without being overwhelmed by email, Avaya IX™ Collaboration provides you with just the right balance of features and simplicity.

- **Communicate, Not Distract**—Let everyone work and meet the best way they know how with document sharing, video, voice and chat all integrated.
- **Collaborate, Don't Juggle**—Tools like task management, screen sharing, and meeting scheduling will maximize your productivity without bogging you down with excess features.
- **Smart Organization**—When you've outgrown task lists, use Avaya IX™ Collaboration to organize your communications, coordinate work across teams and track the project progress.
- **Cloud enabled**—Avaya IX™ Collaboration is entirely in the cloud, so all you need is a web browser and an internet connection. Use your personal smartphone, home desktop computer, work laptop or tablet.
- **Safe & Sound**—We're powered by some of the most reputable brands in the data center industry (like Google and Amazon), so you don't need to worry about information security.

We designed Avaya IX™ Collaboration for teams that need a simple and effective way to track communications and manage tasks.
